COMMISSION

Our vision is that all people would come to know the love of Jesus Christ while learning to live obediently to His teachings. This only happens when we are willing to go, make disciples, baptize and obey His commands. For Eyes On Me, this means establishing a permanent presence in areas that are impacted by poverty, violence, drug use, moral decline, and non-traditional family structures with the purpose of sharing the Gospel, serving & discipling local residents, and being a beacon of light that will positively transform an entire community.

DISCIPLESHIP, MENTORSHIP AND SERVICE.

EYES ON ME

ABOUT US

Eyes On Me began serving the streets of Houston in 2008 with a weekly outreach event known as "Hip Hop Hope." This event has been structured as a Christ-centered block party where basic physiological needs are met, but also where the gospel is shared and people are invited to a new way of living by faith. Today, Hip Hop Hope remains a valuable entrance strategy event to begin building relationships with residents. However, Eyes On Me has developed numerous discipleship and mentorship programs that teach people what it means to live out their faith and also to develop their God-given talents and skills through a variety of programs.

Areas served by Eyes On Me are consistently named as some of the most dangerous, poverty-stricken, under-developed and highest single-parent neighborhoods in the country. These areas are notorious for their extreme violence, rampant drug use, gang infestations and human trafficking. While meeting spiritual needs is of the utmost priority, Eyes On Me also assists in meeting basic needs of people from these areas by providing food, clothing, hygiene products, and other basic needs, as well as helping people locate jobs and permanent shelter. We hope and pray that relieving these physical burdens from people will allow them to focus less on day-to-day survival and more on their spiritual growth.

MISSION CENTERS

To further impact the lives of people in the communities we serve, we have developed Mission Centers in the following communities:

- GREENSPOINT
- SUNNYSIDE
- BROOKSHIRE
- SW HOUSTON

MENTOR

- STAR PLAYERS
- IGNITE
- DANCE PROGRAMS

- FITNESS CLASSES

VOLUNTEER OPPORTUNITIES

Finding new partnerships and establishing new relationships with donors, volunteers, and organizations is absolutely crucial to maintaining a balance of both quality of service and expansion.

Many volunteer opportunities exist with Eyes On Me, including assisting at outreach events, serving meals, mentoring youth, coaching young families, participating in community prayer walks, teaching and/or participating in discipleship training programs.
